I've got to go,

I wanna get your attention.

I'm so sorry that it went this way, I just can't hold on anymore. The feeling's gone, I must move on. There's nothing left worth fighting for. I can't love you.
I wanna get your attention for once.
It all started in another dimension.

It all started in another dimension.

You may have took my breath, you didn't take my dedication.

They say that love is blind.
They say that love is blind.
I've never been the leaving kind, I've gotta go and find another direction. I've gotta go.

Verse 2:
I've never been in love before
But this is where it has to end
I just can't love you anymore
Don't even want you as a friend
Can't love you anymore, anymore.

Go. Find what you're looking for etc.
NORTHERN STAR

Words & Music by Melanie Chisholm & Rick Nowels.

They tried to catch a falling star

thinking that she had gone too far...

She did, but kept it hidden

well, until she cracked and then she fell.
Who is next? Who's gon-na steal your crown? You'll see.

I have learnt my lesson well, the truth is out there,

I can tell. Don't look back and don't give in to their lies and good-byes. Northern star...

(Ah.)
Live your life without regret, don't be someone who they forget. When you're lost reach out for me and— you'll see she's not far, Northern star...
Verse 2:
Fulfil the longing in your heart
Then we will never be apart
And if they dare to question you
Just tell them that our love is true
They buy your dreams so they can sell your soul
Is it any wonder we’ve lost control?
Feelings come. Feelings go.

I have learnt my lesson well etc.
GOIN' DOWN

Dare you change the rules, you made me look a fool. When are you gonna see the last laugh’s not on me? What have I got to do to get my revenge on you? You’re goin’ down.

Goin’ down.

2. Was it
just another line, or did I mis-read the signs? What else could I do, I was so

into you? With all this bad luck I've had, my

karma must be bad. You played your little game, mmm,

what a shame you're goin' down. Go-in' down.

Verse 3:
Now I feel no remorse
My life is back on course
From this little hitch
I have become a super-bitch
But don’t be afraid
By that confession I made
I am not a whore
I have gone hardcore.

You’re goin’ down etc.

1. When the world is darker than I can understand.

(Verse 2 see block lyrics)
when nothing turns out the way I planned,

when the sky turns grey and there's no end in sight.

when I can't sleep

through the lonely night, I turn to you.
like a flower leaning toward the sun.

I turn to you 'cos you're the only one

who can turn me around.

when I'm upside down. I turn to you.
To Coda

Where would I be,

would I do,

D₇

if you'd never helped me through.

I hope someday.
if you've lost your way, you could turn to me

like I turn to you.

D.\(\#\) al Coda

I turn to you
Coda

I turn to you when fear tells me to turn around.

'cos you're the only one who can turn me around.

When I'm upside down.
Verse 2:
When my insides are wracked with anxiety
You have the touch that will quiet me
You lift my spirit, you melt the ice
When I need inspiration, when I need advice.

I turn to you etc.
IF THAT WERE ME
Words & Music by Melanie Chisholm & Rick Nowels.

They're walking on by, they're looking at you.

Some people stop, some people stare.

But would they help you and do they care?

How did you fall? Did you fall at all?
Are you happy where you are?

sleeping underneath the stars?

is it your hope that keeps you warm.
Where do they go, and what do they do?

They're walking on by, they're looking at you.

They're walking on by.
Verse 2:
A spare bit of change is all that I give
How is that gonna help when you’ve got nowhere to live?
Some turn away so they don’t see
I bet you’d look if that were me.

How did you fall?
Did you fall at all?
Is it lonely where you are, sleeping in between parked cars?
When it thunders where do you hide from the storm?

Verse 3:
Could you ever forgive my self-pity?
When you’ve got nothing and you’re living on the streets of the city
I couldn’t live without my phone
But you don’t even have a home.

How did we fall?
Can we get up at all?
Are we happy where we are on our lonely little star?
When it’s cold is it your hope that keeps you warm?
WHY

Words & Music by Melanie Chisholm, Marius De Vries & Steve Sidelnyk.

I. Why does the rain fall from the sky?
How can a sugar pill —

take this pain away?

Cm Add9

I should have known
(Verse 2 see block lyric)

that you would break my heart

You’ve ended something
that didn't have a chance to start.

Put out the stars, rub out the sky.

Look to the future, wipe the tear-

drop from my eye.

Shut out the sun, put out the light.

I want you to tell me how you're gonna make it right.
Why am I crying over you? Why?
Cos there's

no-thing else that I can do. Why do I al-ways look a fool?

Wish I'd read the signs and left you well alone
God, I wanna call you but I can't pick up the phone

You're always there, you are my shoulder to cry on.

I can't believe it took me quite so long to take the forbidden step. Is this something that I might regret?

(Come on, come on.) Nothing ventured, nothing
(You are the one.) A lonely heart that can't be tamed. (Come on, come on, I'm hoping that you feel the same. This is something that I can't forget.)

I thought that we would just be friends. Things will never be the same again.

It's just the beginning, it's not the end. Things will never be the same again.
It's not a secret anymore. Now we've opened up the door.

Starting tonight and from now on we'll never, never be the same again. (Never be the same again)

Never be the same again. (Never be the same again)

Nite and day Black beach sand to red clay to the US to UK, NYC to LA from sidewalks to
highways. See it'll never be the same, what I'm sayin' my mind frame never changed 'til you came and rearranged but

sometimes it seems completely forbidden to discover those feelings that we kept so well hidden where there's

no competition and you render my condition though improbable it's not impossible for a love that could be unstoppable but wait

A fine line's between fate and destiny. Do you believe in the things that were just meant to be? When yo
tell me the stories of your quest for me, picturesque is the picture you paint effortlessly and as our
genergies mix and begin to multiply everyday situations, they start to simplify so

things will never be the same between you and I we intertwined our life forces and now we’re unified.

(Come on, come on,) And things will never be the same again.
Verse 2:
Now I know that we were close before
I’m glad I realised I need you so much more
And I don’t care what everyone will say
It’s about you and me
And we’ll never be the same again.

I thought that we would just be friends etc.

Verse 2:
Same conversation every day
So much to ask you but can’t find a way
Wherever you’re going can I come along?
Whatever your star sign, wherever you’re from
The end of the day and you’re still around
My head’s in the clouds, feet on the ground
Maybe I should and maybe you would
Maybe tonight if only we could.

You make me high, I wish that you knew etc.
GA GA

Words & Music by Melanie Chisholm, Phil Thornalley & Dave Munday.

1. I don't want your adoration,
(Verses 2 & 3 see block lyrics)

People say that it's insane, we love to feel the pain.

I don’t want emotional hassle
I just want another bite of the apple
Dark thoughts need satisfaction
We’re gonna crash
Let’s make it happen.

This will never be over
And you will always be mine
You’ve gotta feed my hunger baby
I am ready to dine.

BE THE ONE

Words & Music by Melanie Chisholm, Phil Thornalley & Dave Munday.

1. The situation is getting boring, you're not gonna spoil another day.

(Verse 2 see block lyric)
I don’t expect you to be calling, you’re always gonna act that way. You’ve said those lines so many times, I’ve heard it all before. What makes you think that I will keep hangin’ round for more? If you wanna be the one, be the one who moves my heaven and earth. You wanna
be the one, be the one who shares my hunger and thirst. You see the other ones are hanging me, ooh they've got nothing on you. You wanna

be the one, be the one, the only one.

I've got no time for bitterness, I wanna move away from this.
I've found myself somebody. Ooh, ooh, ooh.

I've got no time for bitterness. I wanna move away from this.

I've found myself somebody. Ooh, ooh, ooh.
Verse 2:
You say you're hooked on me
But where were you last night?
Because when you looked at me, yeah
You couldn't hold my eye
Saying things you never mean
It's no big surprise
Telling me that you're the one
I'm tired of the lies.

Be the one
Be the one who moves my heaven and earth etc.
CLOSER

Words & Music by Melanie Chisholm, Rick Nowels & Billy Steinberg.

1. Loving you madly will be forever. I see the ocean in your eye.
(Verse 2 see block lyric)
when we're to-gather.
There are no bound-d'ries,
there are no lim-its. My
heart has been em-braced,
now that you're in it. Hold me

closer to your dreams,
closer to your fears,
close to hear your laugh-ter.

Hold me when you're close to tears.
when you're close to tears, I wanna be the one you tell your secrets to.

All I want is to be closer. (Closer) How tight can you hold me? How long can we stay awake? How hard can we laugh?

To Coda ø
How much love can we make?

FEEL THE SUN
Words & Music by Melanie Chisholm & Rick Nowels.

1. These thoughts can be evil and they

of-ten de-cieve. got-ta be-lieve that I can over-come. My

fears are the worst and they al-ways re-turn. I nev-er learn. Feel like I don’t be-long.

(Verse 2 see block lyrics)
Lost in the wreckage of a million bad dreams. Hard to function, I just need some routine. God, it's obscene. When did they stop the fun?

I knew that something must be done (to save the person I'd be come.) That's why I had to run away.
Feel the sun, waves crash like my emotion.

Life has begun, now I will be safe from the storm.

I found the one, this angel's my salvation.

I'm feeling strong. You will be there if I fall.
There’s so much energy, at last I can be free.

I am the person I was looking for.

D.\. al Coda

I’m feeling strong, I’ll never fall. You are there when I
Verse 2:
Guilt is no use it will tarnish your soul
Just let it go
The battle will soon be won
Cold in the shadow of who I should be
There's a fire burning deep inside me
Helping me see, only I hold the key
And now I stand here unafraid
Proud of everything I've made
That's why I had to run away.

Feel the sun etc.
